## Education

Harbin Institute of Technology (Main Campus) · School of Future Technology · Yongtan Honors Class
Undergraduate, 2024-2028

- Rank: **22 / 192 (Top 10% in major)**; holds graduate recommendation (Bao-Yan) qualification
- CET-6: **552**

## Research Experience

**Prof. Yushi Chen's Group | Research Student (2025-present)**

Research on **hyperspectral data augmentation** using deep learning for model design and experimental validation; currently preparing a **first-author paper**. Experience in data processing, model implementation, ablation and comparison experiments, result analysis, and manuscript writing.

**Prof. Wangmeng Zuo's Group | Undergraduate Research Intern (ongoing)**

Research on **long video generation**, including **multi-shot long video generation** and **single-take long video generation**, alongside ongoing hyperspectral research in Prof. Yushi Chen's group.

## Research Interests

Computer Vision · Multimodal Learning · Embodied AI (Vision-Language-Action) · World Models

- Visual multimodal learning: multimodal representations, vision-language models, multimodal foundation models
- Multimodal reasoning: cross-modal understanding, visual question answering, multi-step reasoning
- Embodied AI (VLA): vision-language-action models, embodied perception and decision-making
- World models: predictive world models and spatial intelligence for planning and interaction

## Future Plan

Build on current research internships, continue research on visual generation, and pursue a direct PhD.

## Publications / Journals

None (one first-author paper in preparation).

## Honors

### University

- Huawei Software Elite Challenge (2026): **Provincial Second Prize**
- Ascend AI Industry Innovation Competition - 2026 Power Industry Operator Track: **3rd place**, eigh operator
- National-level College Student Innovation & Entrepreneurship Training Program (DaChuang) project × 1
- Software copyright × 1; Discipline Scholarship × 1; People's Scholarship × 1
- Provincial freshman-year project × 1
- National College Mathematics Competition: Provincial First Prize × 2

### High School (Subject Competitions)

- Informatics: Provincial First Prize × 1, Second Prize × 1; Mathematics: Provincial Second Prize × 2
- Physics: Provincial First Prize × 1; Biology: Provincial Second Prize × 1; Chemistry: Provincial Third Prize × 1
